

## **Tuna Cakes**

### INGREDIENTS

canned white albacore tuna  
wheat saltine crackers  
favorite crab cake recipe

### DIRECTIONS

Use your favorite crab cake recipe. Substitute canned white albacore tuna instead of crab. I prefer whole wheat saltine crackers to bread crumbs. Serve with Tartar sauce.

Round out the meal with white shoe-peg corn and a can of diced tomatoes. Salt and pepper both to taste, add a Caesar salad and you have the perfect meal.
